

MATERIAL SAFETY DATA SHEET

ACTIV8 ORGANIC COMPOST MAKER

1 Identification of Substance and Supplier

Product Name: Activ8 Organic Compost Maker.
Product Description: A biologically based activator to enhance composting.
Supplier: William Sinclair Horticulture Limited
Firth Road
Lincoln LN6 7AH
Tel: (01522) 537561
Fax: (01522) 513609

2 Composition/Ingredients

Chemical composition: Granular powder containing naturally occurring micro-organisms. An organic nitrogen source with naturally sourced lime for pH control
Synonyms: Not applicable.
CAS No: Not applicable, product is a preparation.
Hazard classification: Not classified as hazardous.

3 Hazards

Excessive ingestion may cause nausea. Product contains enzymes and may produce allergic type reactions in sensitised individuals. May be an irritant to eyes or skin in some individuals.

4 First Aid Measures

Skin Contact: Wash off with plenty of water.
Eye Contact: Irrigate with water for 5 minutes.

Inhalation: Remove to fresh air.

5 Fire Fighting Measures

Suitable Fire Fighting
Extinguishing Media: Any.
Non-suitable media: None.
Special Exposure Hazards: None.
Protection against fire and explosions: None.

6 Accidental Release Measure

After spillage, wash to drain with plenty of water. Do not use high pressure water jet. Wash contaminated clothing.

7 Handling And Storage

All materials should be handled under good housekeeping practices.
Wear gloves if exposure is prolonged.
Store in a dry and cool place.

8 Exposure Controls and Personal Protection

Personal protective equipment.

Respiratory protection:	Not required.
Hand protection:	Gloves recommended if prolonged skin contact is likely.
Eye protection:	Not required.

9 Physical and Chemical Properties

Appearance:	Light brown granules.
Odour:	Characteristic odour.
pH:	4 – 6 in solution.
Solubility in water:	Dispersible.
Boiling point:	100°C
Melting point:	Not applicable.
Flash point:	Not applicable.
Flammability:	Non flammable.

10 Stability and Reactivity

The material is stable under normal conditions of use.

Conditions to avoid:	None.
Materials to avoid:	None.
Hazardous decomposition Products:	None.

11 Toxicological Information

Prolonged contact tot skin may cause minor irritation. Product may cause irritation to eyes and mucous membranes in sensitised individuals.

12 Ecological Information

Product is believed not to be dangerous to the environment with respect to mobility, persistency and degradability, bioaccumulative potential, aquatic toxicity and other data relating to ecotoxicity.

13 Disposal Considerations

No special disposal method required, except that it be in accordance with current local authority regulations.

14 Transport Information

Not restricted.

15 Regulatory Information

Product is not classified as dangerous according to EU regulations. No hazard symbol, R or S phrases are required for labelling, in accordance with CHIP 3 regulations.

16 Other Information

Recommended uses: Activator to enhance composting.

This safety data sheet provides health and safety information. The product is to be used in a way consistent with best horticultural practice as stated on packaging. Individuals handling this product should be informed under COSHH of the recommended safety precautions and should have access to this information. The product information in this data sheet is to the best of our knowledge correct at the date of publication. William Sinclair Horticulture Limited disclaims any liability for any loss or damage resulting from reliance on this information.
